

## **Dr. Joerg Petrasch**

Professor of Mechanical Engineering, Michigan State University

### **Scalable Thermochemical Option for Renewable Energy Storage (STORES)**

#### **Biography**

Dr. Joerg Petrasch is a Professor of Mechanical Engineering at Michigan State University. His research focuses on technologies enabling the transition to a low carbon economy. He is particularly interested in thermochemical energy storage, control of thermal systems, and heat and mass transfer in porous and disperse systems.
